1) Which field of the Customers table is the primary key?

   Cnum

2) What is the 4th column of the Customers table?
   Rating

3) What is another word for row? For column?

   Row: Commonly referred to as tuple, entity, opportunity
   Column: commonly referred to as attribute, method, key

4) Why isn't it possible to see the first five rows of a table?
   In MySQL table's rows are stored into fragments which means at different memory
   addresses and while reading the rows it follows memory address sequence.
